

I am writing because I wanted you to be among the first to know that I have made the decision to seek a third term in the Nevada State Senate.

I am running for re-election because I strongly believe that we need experienced leadership in Carson City to solve our state's economic problems, improve public education and make healthcare more affordable and available for all Nevadans.

As Nevada's highest-ranking female Republican officeholder, I believe Nevadans expect their legislators to put aside partisan differences and work together to solve our state's problems. And as the newly-elected Senate Minority Whip, I will work tirelessly to bring our caucus together to support legislation that will create more jobs and better schools.

I believe that we must be inclusive in our politics. Two years ago, I won re-election by a wide margin because Republicans, Democrats and independents came together to support my campaign.

Your early financial support for my 2010 campaign will help me build a foundation for victory. I hope you will consider making a contribution today of \$10,000, \$5,000, \$2,500 or \$1,000 to my re-election campaign.

Your early support will ensure that I have the resources necessary to run a winning campaign that reaches out to all voters in my district.

Please make checks payable to:

Committee to Elect Barbara Cegavske
6465 Laredo St.
Las Vegas, NV 89146

I look forward to talking to you soon about how we can work together to solve the problems that are facing state government.

Thank you for your support in the past and I hope that I have earned your support in the future.

Sincerely,

Barbara Cegavske
