TROWBRIDGE THE LOBBYIST

As an influence-peddling lobbyist for a powerful union boss, Glenn Trowbridge worked against our interests.

It's no surprise that eight powerful union bosses have given \$25,000 in campaign cash to Glenn Trowbridge. They know that Glenn Trowbridge will be a reliable vote on the Las Vegas City Council because they have already paid him to lobby for their radical agenda.

The powerful union bosses keep Glenn Trowbridge on a tight leash. On election night, Glenn Trowbridge partied with the union bosses at a closed-door gathering in the office of a powerful union boss.

As a lobbyist, Glenn Trowbridge carried the union boss' water.

And now, Glenn Trowbridge is promising the powerful union bosses that he will be a reliable vote. That's why Glenn Trowbridge supports spending a quarter-billion dollars on a new City Hall that we don't need.
