BILL NO. _____

SUMMARY - An Ordinance to amend Title 13, Chapter 13.04, Sections 106 and 120 of the Clark County Code to amend the permit and service fee schedule.

ORDINANCE NO. _____
(of Clark County, Nevada)

AN ORDINANCE TO AMEND TITLE 13, CHAPTER 13.04, SECTIONS 106 AND 120 OF THE CLARK COUNTY CODE TO AMEND THE PERMIT AND SERVICE FEE SCHEDULE; AND PROVIDING FOR OTHER MATTERS PROPERLY RELATING THERETO; AND SET A PUBLIC HEARING.

THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF CLARK,
STATE OF NEVADA, DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Section 13.04.106, Subsection 107.1, of the Clark County Code is amended to read as follows:

107.1 Permit and Service Fee Schedule. Fees for permits, inspections and other services shall be as set forth in the Permit and Service Fee Schedule, as adopted and amended from time to time by the Commission of Clark County. Permits, plan reviews and other services shall be charged the fees identified in [~~Table 107-A.~~] Table 107-A and Table 107-B.

[~~Table 107-A~~

A	Permit and/or Plan Review Fee	Permit Category	Fee	Comments
4	Aerosol Products—excess of 500 lbs.	R-A-E	\$75	Minimum fee \$75 See Permit Calculation Table

2	Aircraft repair hangar	R-A-E	\$150	Group 1 & 2 — See NFPA #409
3	Aircraft repair hangar	A-E	\$75	Group 3 & 4
4	Aircraft refueling vehicles	R-A	\$75	
5	Amusement Buildings— Temporary (less than 30 days on any single property)	N	\$75	i.e., Haunted Houses
6	Asbestos Removal	N	\$75	
7	Automobile wrecking yard	R-A	\$75	
8	Battery systems	R-A	\$75	
9	Candles and Open flames in assembly areas	N	\$75	Per submittal
10	Carnivals/Fairs	N	\$75	
11	Cellulose nitrate film	R-A	\$75	
12	Cellulose nitrate storage	R-A	\$75	
13	Christmas Tree Lots	N	\$75	
14	Combustible fiber storage	R-A	\$75	
15	Combustible material storage	R-A	\$75	
16	Commercial rubbish— Handling operations	R-A	\$75	
17	Compressed gas/Medical gas	R-A-E	\$75	Minimum fee \$75 See Permit Calculation Table
18	Cryogenics	R-A-E	\$75	Minimum fee \$75 See Permit Calculation Table
19	Dry cleaning plants	R-A-E	\$225	Class II— See UFC 36
20	Dry cleaning plants	R-A-E	\$150	Class IIIA & IIIB
21	Dry cleaning plants	R-A-E	\$75	Class IV
22	Dust-producing operations	R-A-E	\$75	2,500 — 10,000 SF of use area
23	Dust-producing operations	R-A-E	\$150	Over 10,000 SF of use area
24	Exhibits and trade shows	N-E	\$75	4,500 — 14,999 SF
25	Exhibits and trade shows	N-E	\$150	15,000 — 74,999 SF
26	Exhibits and trade shows	N-E	\$225	75,000 — up SF

27	Exhibits and trade shows— Double Decker Booth	N	\$75	Per booth regardless of size
28	Explosives or blasting agents —Storage	R-A	\$75	Per bunker or magazine
29	Explosives or blasting agents —Use	N	\$75	Use
30	Filming	N	\$75	
31	Fire Alarm System(s), Equipment, and monitoring	N-E	\$75	25 devices or less and \$.75 for every device over 25
32	Fire extinguishing system(s) and equipment (fire sprinklers)	N-E	\$75	And \$1 per sprinkler over 50 sprinklers
33	Fire extinguishing system(s) and equipment (other)	N-E	\$75	And \$5 per nozzle
34	Fire extinguishing system(s) and equipment (standpipes)	N-E	\$75	And \$2.50 per hose connection
35	Fire hydrants and water- control valves — Installation	N-E	\$75	And \$20 per hydrant for installation
36	Fire hydrants and water- control valves — Plan Review	N-E	\$75	And \$20 per hydrant for plan review
37	Fireworks	N	\$75	Booth
38	Fireworks/Pyrotechnics	N-E	\$75	Indoor — up to 100 devices
39	Fireworks/Pyrotechnics	N-E	\$150	Over 100
40	Fireworks/Pyrotechnics	N-E	\$75	Outdoor — up to 500 devices
41	Fireworks/Pyrotechnics	N-E	\$150	501-1500 devices
42	Fireworks/Pyrotechnics	N-E	\$225	1501-2500 devices
43	Fireworks/Pyrotechnics	N-E	\$300	Over 2500
44	Flame Effects	R-S	\$75	
45	Flammable or combustible liquids — Underground Storage/Use	N	\$75	Minimum fee \$75 See Permit Calculation Table
46	Flammable or combustible liquids — Aboveground Storage/Use	R-A-E	\$75	Minimum fee \$75 See Permit Calculation Table
47	Fruit Ripening	R-A	\$75	

48	Fumigation or Thermal Insecticidal Fogging	R-A	\$75	Business location only
49	Gates, Access	N	\$75	Per gate (automatic or manual)
50	Hazardous Materials	R-A-E	\$75	Minimum fee \$75 See Permit Calculation Table
51	Heliports, Helistops (rooftops)	N	\$75	
52	High-piled Combustible Storage	R-A-E	\$75	501—12,000 SF
53	High-piled Combustible Storage	R-A-E	\$150	12,001—100,000 SF
54	High-piled Combustible Storage	R-A-E	\$225	Over 100,000 SF
55	Hot-work Operations	R-A	\$75	Per location
56	Liquid or gas fueled vehicles or equipment in assembly buildings	N	\$75	Per occurrence, not per vehicle
57	Liquified Petroleum Gases	N	\$75	Single family residence
58	Liquified Petroleum Gases**	R-A-E	\$75	Commercial aggregate, 125—2000 gallons
59	Liquified Petroleum Gases**	R-A-E	\$150	Over 2,000 gallons
60	Lumber yards	R-A	\$75	
61	Magnesium working	R-A	\$75	
62	Mall, covered	N	\$75	Placing/constructing Kiosk
63	Mall, covered	N	\$75	Use as place of assembly
64	Mall, covered	N	\$75	Use open flame
65	Mall, covered	N	\$75	Display liquid/gas fueled vehicles
66	Monitoring	N	\$75	See Fire Alarm
67	Motor vehicle fuel dispensing station	R-A-E	\$75	12 dispensers or less

68	Motor vehicle fuel dispensing station	R-A-E	\$150	Over 12 dispensers
69	Open burning	N	\$75	Per location
70	Organic coatings	R-A-E	\$75	Minimum fee \$75 See Permit Calculation Table
71	Ovens, industrial baking or drying	N	\$75	
72	Parade floats	N	\$75	
73	Occupant Load 300 or more:			
74	Places of Assembly	R-S-E	\$75	4,500 – 14,999 SF
75	Places of Assembly	R-S-E	\$150	15,000 – 74,999 SF
76	Places of Assembly	R-S-E	\$225	75,000 – up SF
77	Radioactive materials	R-A	\$75	
78	Refrigeration equipment	R-A-E		Minimum fee \$75 See Permit Calculation Table
79	Repair garages	R-A	\$75	
80	Smoke control system(s)	N	\$75	
81	Spray Booth	R-A	\$75	Per booth
82	Spraying or dipping	R-A	\$75	Can be combined with spray booth
83	Storage of scrap tires and tire byproducts	R-A	\$75	
84	Temporary membrane structures, tents and canopies	N-E	\$75	Cumulative 1 – 14,999
85	Temporary membrane structures, tents and canopies	N-E	\$150	15,000 – 74,999 SF
86	Temporary membrane structures, tents and canopies	N-E	\$225	75,000 SF – up
87	Tire rebuilding plants	R-A	\$75	
88	Tire Storage	R-A	\$75	
89	Wood pallets	R-A	\$75	
90	Wood products	R-A	\$75	

B	FEES FOR OTHER SERVICES	Permit Category	Fee	Comments
1	Re-inspection fees		\$80 per hour	Minimum one hour, to include travel time. Applies to 2nd re-inspection for same deficiencies.
2	Additional plan review fees		\$85 per hour	Minimum one hour. 4th plan review due to plan deficiencies.
3	Overtime Inspection fees (Outside of regular work hours)		\$80 per hour	Minimum three hours, to include travel time. Inspections requested outside of regular business hours.
4	Overtime Inspection fees (Extension of work day)		\$80 per hour	Actual time worked. Minimum one hour, to include travel time.
5	Expedite plan review fees		1x permit fee, or \$85 per hour, which ever is greater	Plan reviews requested outside of regular business hours. *Except Fire Protection Reports
6	Late submittal fee		1x permit fee	Must be paid anytime a permit request is received less than 3 days prior to the event or activity.
7	Engine Company Standby		\$300 per hour	Per hour, minimum 4 hours. Per apparatus or unit.
8	Sprinkler Design Flow Test	N	\$75	To establish basis for fire sprinkler system design

9	Requests for Search of Fire Prevention Records		\$80	Minimum \$80 per address searched. Includes tasks such as environmental site assessments, outstanding violations, etc.
10	Copies		\$1 per page	Requests for copies of various Fire Prevention Bureau documents.
11	False/Nuisance Alarm(s) Fee		\$500	
12	Same-Day Inspection Fee		1x permit fee	Also responsible for inspector's overtime.
13	Fire Protection Reports—tenant improvements	N	\$75	Per report
14	Fire Protection Reports—entire facility	N	\$150	Per report
15	Expedite fee—Fire Protection Reports	N	1x permit fee plus \$85 an hour plan review fee	Per report

NOTES:

(1) Additional Inspections:

In addition to the inspections specified elsewhere, other types of Fire Inspections may be performed by the Fire Chief. In situations wherein the applicant for a permit request that the Fire Chief assign one or more Fire Department employees from the various employee classifications to be available on site to perform

inspections on call, or the Fire Chief determines that such extraordinary inspection services are required for any reason, then the applicant shall, as a condition of the granting of a permit, pay all costs, both direct and indirect, of providing such services.

The Fire Chief is not required to provide such service if sufficient staff is not available to perform inspection on other current active permits. The Fire Chief may invoice the applicant for such services either prior to, during, or after the provision of such services. An agreement setting forth conditions of such additional inspection service may be required by the Fire Chief. A fee for Additional Inspections at a rate of \$135 per hour per Fire Department employee shall apply regardless of the time required to complete the Additional Inspections.

(2) Discovery of Un-permitted Construction Work:

If the Fire Department discovers and/or determines that un-permitted work has been completed on any required building or structure, Fire Protection System or device, as described in the Clark County Fire Code, the property owner shall be required to prepare and deliver "As-Built" Plans & Permit Submittals to the Fire Department and the owner shall pay all the required Fire Department Permit and Inspection Fees associated with the un-permitted work at four (4) times the posted fees.

The Fire Chief is not required to provide such service if sufficient staff is not available to perform inspection on other current active permits. The Fire Chief may invoice the applicant for such services either prior to, during, or after the provision of such services. An agreement setting forth conditions of such additional inspection service may be required by the Fire Chief.

Exception: Buildings currently under construction that require "As-Built" Drawings to be submitted before the Department approves the Fire Final.

An additional fee of \$135 per hour shall apply when the time required to complete the inspection(s) of Discovery of Un-permitted Construction Work per Fire Department employee shall apply regardless of the time required to complete the inspections of Discovery of Un-permitted Construction Work.

(3) Annual Fire Department Inspections:

Annual Fire Department inspections shall include: maintenance of approved Fire Department Access and Water Supply, Fire Protection Systems and Equipment, Maintenance of Fire Sprinkler Systems, Fire Hydrant Systems, Standpipe Systems, Fire Alarm Systems, Portable Fire Extinguishers, Smoke and Heat Ventilators, Smoke-Removal Systems, and Other fire protective or extinguishing systems or appliances. Maintenance of Means of Egress and Emergency Escapes, Places of Assembly, Special Processes (Spray Booths, Hot-Works or Welding), Flammable & Combustible Liquids storage, dispensing, and use, Oil burning equipment, Industrial Ovens, Refrigeration Systems, Compressed Gases Storage and Use, Cryogenic Fluids Storage and Use, Explosive Materials Storage and Use, Fireworks & Pyrotechnic Special Effects Materials, Hazardous Materials Storage, Manufacturing, and Use, High Piled Combustible Storage, Liquefied Petroleum Gases, Electrical Equipment and Wiring, and Aerosols Storage and Use.

The Fire Chief is not required to provide such service if sufficient staff is not available to perform inspection on other current active permits. The Fire Chief may invoice the applicant for such services either prior to, during, or after the provision of such services. An agreement setting forth conditions of such additional inspection service may be required by the Fire Chief. A fee for Additional Inspections at a rate of \$135 per hour per Fire Department employee shall apply regardless of the time required to complete the Additional Inspections.

(4) System/Permit Maintenance Inspections:

The Chief is authorized to conduct System/Permit Maintenance Inspections to ensure that maintenance activities for fire protection systems are being performed and to ensure that conditions granted for operations are maintained in accordance with the approved permit. The Scope of System/Permit Maintenance Inspections includes: Maintenance of Approved Fire Department Access and Water Supply, Fire Protection Systems and Equipment, Maintenance of Fire Sprinkler Systems, Fire Hydrant Systems, Standpipe Systems, Fire Alarm Systems, Portable Fire Extinguishers, Smoke and Heat Ventilators, Smoke-Removal Systems, and other fire protective or extinguishing systems or appliances. Maintenance of Means of Egress and Emergency Escapes, Places of Assembly, Special Processes (Spray Booths, Hot-Works or Welding), Flammable & Combustible Liquids Storage, Dispensing and Use, Oil Burning Equipment, Industrial Ovens, Refrigeration Systems, Compressed Gases Storage and Use, Cryogenic Fluids Storage and Use, Explosive Materials Storage and Use, Fireworks & Pyrotechnic Special Effects Materials, Hazardous Materials Storage, Manufacturing and Use, High Piled Combustible Storage, Liquefied Petroleum Gases, Electrical Equipment and Wiring, and Aerosols Storage and Use.

The Fire Chief is not required to provide such service if sufficient staff is not available to perform inspection on other current active permits. Owner shall pay all costs, both direct and indirect, to provide such System/Permit Maintenance Inspections. The Fire Chief may invoice the applicant for such services either prior to, during, or after the provision of such services. An agreement setting forth conditions of such additional inspection service may be required by the Fire Chief. A fee for additional inspections at a rate of \$135 per hour per fire department employee shall apply regardless of the time required to complete the additional inspections.

⁽⁵⁾ Occupancy Inspections:

The Fire Chief is authorized to conduct inspections of existing buildings. The purpose of the existing building inspection is to verify the use of the occupancy remains consistent with the Fire Code. If the Fire Department discovers or determines the use of a building is in violation of the Fire Code, the property owner shall pay all costs necessary to bring the building into Fire Code compliance.

In situations wherein the Fire Chief assigns one or more Fire Department employees from the various employee classifications to be available on site to perform inspections; or, the Fire Chief determines that extraordinary inspection services are required for any reason, then the owner of the existing building shall pay all costs, both direct and indirect, to provide such inspection services.

The Fire Chief is not required to provide such service if sufficient staff is not available to perform the inspections. The Fire Chief may invoice the owner of the existing building for inspection services either prior to, during, or after the provision of such services. An agreement setting forth conditions of such inspection services may be required by the Fire Chief.

⁽⁶⁾ Vacant Buildings Inspections:

The Fire Chief is authorized to conduct inspections of Vacant Buildings as specified in the Fire Code. In situations wherein the Fire Chief assigns one or more Fire Department employees from the various employee classifications to be available on site to perform inspections; or, the Fire Chief determines that such extraordinary inspection services are required for any reason, then the Vacant Building Owner shall pay all costs, both direct and indirect, to provide such Vacant Building Inspection services.

The Fire Chief is not required to provide such service if sufficient staff is not available to perform inspection on other current active permits. The Fire Chief may invoice the Vacant Building Owner for such services either prior to, during, or after the provision of such services. An agreement setting forth conditions of such Vacant Building Inspection services may be required by the Fire Chief. A fee of \$135 per hour per Fire Department employee shall apply to complete the Vacant Building Inspections.

SECTION 2. Section 13.04.120, Subsection 901.4.2.1, of the Clark County Code is amended to read as follows:

901.4.2.1 Permits. Permits are required to designate or establish fire lanes and emergency vehicle access routes. *See Section 105, Permit [~~f.9.~~] f.4.*

SECTION 3. If any section of this ordinance or portion thereof is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such holding shall not invalidate the remaining parts of this ordinance.

SECTION 4. All ordinances, parts of ordinances, chapters, sections, subsections, clauses, phrases or sentences contained in the Clark County Code in conflict herewith are hereby repealed.

SECTION 5. This ordinance shall take effect and be in force from and after its passage and publication thereof by title only, together with the names of the County Commissioners voting for and against its passage, in a newspaper published in and having a general circulation in Clark County, Nevada, at least once a week for a period of two (2) weeks.
