

Your Lifespan

will depend on what you do on
November 2, 2010

Harry Reid voted for and pushed through the \$1.1 trillion government-run healthcare takeover that has "Benefit Panels" for our seniors. These panels will decide if you get needed medical treatment, in part based on age, even if your doctor says it is medically necessary in order to save your life. If the panel decides no...that means **your life will not be saved**, just like in Canada, England, France, Denmark, etc. Do you want **Harry Reid's** government bureaucrats to make these life and death decisions for you and your family? His own taxpayer-paid Senate healthcare plan, which he and his family have for life, does not have "Benefit Panels." It is not right for all of us in Medicare to have "Benefit Panels" and **Harry Reid's** Senate healthcare plan does not. Ask yourself why we do not have Harry Reid's medical plan. The **Harry Reid** Obamacare plan will cut more than \$500 billion from Medicare, \$5,000 in benefits from your Medicare Advantage Plans - depriving you of the benefits you need. You will pay much more in deductibles, co-pays, prescriptions, and insurance premiums than **Harry Reid** is telling you.

Look at all of the premium increases that the insurance companies have just announced. Did you just receive a non-renewal/cancellation notice on your Anthem Blue Cross Medicare Advantage plan? You can thank **Harry Reid!!!** He tries to fool you by fixing the "Donut Hole" and then decreases Medicare benefits. If **Harry Reid's** Obamacare plan is as great as he tells you, why did **Harry Reid** exempt himself, his family and staff from it? The **Harry Reid** Obamacare plan is destroying Medicare and the best medical system in the world.

Vote for Sharron Angle and defeat Harry Reid.

Sharron Angle will work to repeal and replace the egregious Obama and Harry Reid healthcare plan.

Harry Reid
has led the raiding of your Social Security for years

Did you know that **Harry Reid** and his controlled congress do not put the money that we and our employers pay into Social Security into a lock box (trust account)? Did you know that they spend our money on anything they want...their own retirement, their own health insurance, their union buddies, their junkets, their airports with almost no planes, their earmarks... This is our money! **Harry Reid** has a special cadillac retirement plan for himself...that we pay for. We all should be in **Harry Reid's** plan.

Vote for Sharron Angle and defeat Harry Reid.

Sharron Angle will preserve and save Social Security by putting your Social Security money in a lock box, so that Harry and his friends can no longer raid and squander your money. It is time for real change! Vote for Sharron Angle.
