

FOR IMMEDIATE RELEASE

Doug Hampton Issues Statement

LAS VEGAS, MARCH 9, 2011 – Doug Hampton, through his attorney, released the following statement:

I continue to be extremely disappointed by John's callousness and lack of remorse for destroying my family and life. His selfish, steadfast refusal to resign immediately prolongs the pain and anguish he caused. It also requires us to continue to cooperate with the Senate Ethics investigation, including disrupting our lives by requiring myself, Cindy and others close to us to return to Washington D.C. to be deposed. The cost to the taxpayers of this fruitless exercise flies in the face of John's claim of being fiscally conservative and a protector of the taxpayer's money, much like his affair with my wife flew in the face of his claim to moral righteousness.
