David, we're still working on this. I haven't received an answer from SOS office. The only reference we have right now is a specific statement in the campaign guide from the SOS office put out by Ross miller. We just want to make sure if there is any reference tied to a specific statute.

Hi Dawn,

I need a letter from you guys about the ELP stating that we can accept unlimited contributions and that we are allowed to control it because it's a leadership PAC as long as we do not contribute beyond the limit to the campaign committee.

AFSCME has a 100k check for the PAC but wanted confirmation on that before they send.

Could you or Mike put something together for me?

How goes the set up? Will we have a bank account monday? I want to do checks out of it on Tuesday, so we will need to deposit when we open the account and probably do cashiers checks since we won't have our own yet.

We have three PACs set up. I talked to the bank, wells Fargo, it's around the corner, and they have all of the info but I have to go in Monday morning to set up the account. Since they have everything in the system already it will take 5 minutes. They said they will give me 5 temporary checks when I open the account or we can expedite checks, but they weren't sure how long it would take. The guy I spoke to was pretty sure we could do it overnight. The account is free for 3 months, as are the temporary checks. He wasn't sure how much real checks would cost. He seemed new.
